

## There is an AVERY Size Tractor for Every Size Farm

They are built in 6 sizes from a one large plow to two small plows size at \$295.00 to a ten plow size at \$2475.00.

The Avery people being pioneers in the Tractor Business have long since brought their tractors out of the experimental stage, and you can rest assured that they will do the work for which they are intended, and live to do it over and over year in and year out. They are the only tractors built with removable cylinder linings. Crank shafts are very large. There has never been reported the breaking of a crank shaft.

## REPUBLICAN PAPER AT STATE CAPITAL

"Why can't we have a Republican newspaper in Columbus?" inquired one of Marysville's citizens Saturday when told that there is one he seemed surprised and indicated his desire to subscribe for it forthwith. The Saturday Monitor, published weekly at the state capital, is a Republican in the core and is doing much to offset the evil influences of the Columbus dailies, which are tied up with the old Cox organization.

R. D. Turner, state circulation manager of The Monitor, is in Marysville this week and will take subscriptions for his paper from all who wish to subscribe. The price is but one dollar per year. In addition to its political department The Monitor has a great many other features that make it a very desirable paper to have in the home. It is well printed, and full of illustrations, including a very attractive woman's department. At the rate that subscriptions are piling in on the publishers, The Saturday Monitor is destined to occupy a very conspicuous place in Ohio journalism. It is up to the Republicans of the state to encourage these efforts.

The Tiffin Daily Tribune, in its issue of March 6, 1916, says: "The Wyandot county Republican executive committee has solemnly adopted a resolution declaring The Columbus Saturday Monitor the only sin-pure Republican organ at the state capital. This is the doom of the poor old Ohio State Journal sound."—Marysville Tribune, March 8, 1916.

Get the Truth From The Monitor. The Columbus Saturday Monitor is the only sin-pure Republican paper published in Columbus. It and it alone, in that city, stands for what the Republican party stands for. It is not the playing of any man who may desire to further his political ambition or punish his enemies.

It is true to the standard, and ever Republican in the state who desire to get the truth of Republican politics should be a subscriber to that paper. The men who edit it are clean-cut and able, and are true to their party.

The subscription price of \$1.00 a year puts it within the reach of everybody. The paper is clean and well arranged, and is strictly a family paper.—Newark American Tribune.

**DODGE BROS. CAR**  
WINS HILL CLIMB  
Negotiates Steep Pinnacle at Montrose, Colo., With Nine Passengers.

At a recent hill-climbing contest at Montrose, Colo., a Dodge Brothers car performed a feat never before attempted on a hill near the town by climbing to the top with nine passengers weighing a total of 1760 pounds.

The contest was started for cars carrying their seating load and the Dodge Brothers car was easily victorious. A seven-passenger car that had stalled requested permission to cut its load to five and it then was successful. But to demonstrate its superior power, the Dodge Brothers car was loaded with four men in addition to its first passengers and easily made the top.

The hill was but 200 feet long, but was 26.6 per cent. The steepest portion having a grade of 45.22 per cent, and the most level part a grade of only 7 per cent.

There were originally a number of cars scheduled to try the climb, but when starting time arrived only three would compete.

**FAMOUS CIRCUS HAS BEEN SOLD**  
The John Robinson circus, for 60 years an institution with which all residents of this section of Ohio have been familiar was Friday sold to the Robinson estate to John Mugarin and Bert Bowers of Montgomery, Ala., and it is believed that in the future the shows will have headquarters at some southern city instead of at Terrace Park, at Cincinnati.

The show was founded by John Robinson, who died 35 years ago at the age of 82 years and it has since been operated by "Governor" John Robinson and other members of the famous family of circus people. It has had its quarters at Terrace Park, Cincinnati, for many years and since its organization it has been extremely popular throughout the Middle West and in the South.

All members of the Robinson family connected with the show business were born "on the road" while the circus was touring the country.

## GENERAL INSTRUCTIONS

### To Tax Payers For Listing and Valuing Personal Property

**WHAT PROPERTY IS TAXABLE**  
All personal property, of whatever description, money, credits, investments in bonds, stocks or otherwise, shall be listed for taxation at the true value thereof in money.

**DEFINITIONS**  
Personal Property—"Personal Property" means all property which has value in itself and includes every form of chattel property.

**Money**—The term "money" means money in possession or on deposit, subject to withdrawal on demand, and a taxable for the full amount thereof without deduction for debts.

**Credits**—The term "credits" means the excess of all legal claims and demands over and above the sum of legal bona fide debts, and includes notes, mortgages, accounts, shares of stock in building and loan companies and any other claim for money or other valuable thing. Debts may be deducted from credits but not from any other class of property.

**Investments in Bonds**—The term "investments in bonds" means money invested in bonds, certificates of indebtedness or other evidences of indebtedness issued by any state, county, city, village, hamlet, township, school district or other political division, or by any incorporated or unincorporated company. ("Exemptions" or certain bonds which are not subject to taxation.)

**Investment in Stocks**—The term "investment in stocks" means money invested in the capital or stock of an association, corporation, joint stock company or other company. (See "Exemptions" for certain stocks which are not subject to taxation.)

**EXEMPTIONS**  
The following personal property and investments in stocks and bonds are exempt from taxation in Ohio: Exemption of \$100.—Each individual is entitled to an exemption of \$100 in personal property. Executors and administrators of estates, incorporated or unincorporated companies, firms and partnerships, are not entitled to this exemption. Trustees, guardians, agents etc., who act as the legal representatives of others, and persons owning property in common are entitled to the exemption. Only one exemption may be allowed in the same family unless different members thereof own and list separate property.

**Ohio Stocks**—Shares of stock of Ohio corporations are exempt from taxation.

**Foreign Stocks**—Shares of stock of foreign corporations, all of whose property is taxed in Ohio, and shares of stock of foreign corporations, two-thirds of whose property is taxed in Ohio and the remainder in some other state or states, if such corporations pay a state franchise tax of 1-20 of one per cent. on their entire authorized capital stock, are exempt from taxation.

**Ohio Bonds**—Outstanding bonds of the State of Ohio or of any county, village, hamlet, township or school district of the state, issued prior to January 1, 1913, and outstanding on that date, are exempt from taxation. All such bonds issued after that date are taxable.

**U. S. Bonds**—United States bonds are exempt from taxation.

**Property Converted Into U. S. Bonds**—Taxable property cannot be converted into United States bonds and thereby escape taxation. If money, credits or other effects have been invested in bonds of the United States within the year, the amount so invested should nevertheless be returned for the proportionate time the same was held before such investment, to illustrate: If \$10,000 returned for taxation in 1915 was held 8 months and then invested in United States bonds, the return for 1916 should be one-half of the amount or for \$5,000.

**LISTING PROPERTY**  
Listing Day—All property except that of banks and public utilities is to be listed as of the first day of the second Monday of April.

**Listing by Administrator, Guardian Etc.**—Property in possession or control of a person, as parent, guardian, trustee, executor, administrator, receiver, accounting officer, factor or agent, must be listed separately in the name of such parent, guardian, etc., in each instance giving the name of the estate for whom he is acting.

**Property of Wife**—The property of a wife is separate and apart from that of her husband and should be so listed.

**Oath**—Each person listing property is required to take and subscribe an oath that the statement which he

**OUCH! LUMBAGO?**  
Try Musterole. See How Quickly It Relieves.

You just rub MUSTEROLE in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. MUSTEROLE is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Doctors and nurses use MUSTEROLE and recommend it to their patients. They will gladly tell you what relief it gives from: Rheumatism, Sprains, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

EVANSTON, ILLINOIS

makes is true. The assessor is required to actually administer the oath in every case, and persons claiming to have no property in excess of \$100 are required to take and subscribe to that oath.

**Refusal to List or Swear**—Where persons refuse to list, or listing, refuse to be sworn, the assessor must return the property himself at its true value and indicate on the return the refusal to list or refusal to be sworn. The county auditor is then required to add 50 per cent. to the value so returned by the assessor.

**New Buildings and Improvements**—Any new building or structure constructed or begun since listing day last year, and all such buildings or structures which were in process of construction last year and were not assessed at their full value in money, must be reported to the assessor.

**Buildings Destroyed**—Buildings destroyed must be reported to the assessor or no deduction can be allowed.

**Pawnbroker**—All property held in pawn as security for money or other thing advanced to the pawnbroker must be listed by the pawnbroker at its true value thereof on the day preceding the second Monday of April.

**All Questions Must Be Answered**—Each question in the blank forms for listing personal property must be answered fully and accurately, and each item therein must be filled out. Where the word "None" truly and completely states the fact respecting any item or question in such blank forms, it may be given as the answer thereto.

**RULES FOR VALUING PERSONAL PROPERTY**  
All personal property must be listed at its true value in money.

**Merchants' Stocks**—Stocks of merchandise are to be listed at their average monthly value. To the stock on April 1 of the previous year add the purchases for the month and deduct the sales for the same time, less the gross profit thereon; the balance will represent the amount of goods on hand May 1. The monthly average will be obtained by continuing this process to April 1 of the current year and dividing the aggregate of the monthly invoices thus obtained by the number of months in the year in which the person, firm or company has been engaged in such business.

**Manufacturers' Stocks**—Manufacturers must return under item 12:

(a) The average value of all raw materials on hand during the year ending April 1.

(b) The average value of materials in process of manufacture for the same period.

(c) The average value of finished products for the same period.

The monthly averages of items a, b and c are to be obtained by dividing the aggregate of the amounts of each of such items on hand at the end of each month of the past year, by the number of months in the year in which the person, firm or company has been engaged in such business.

(d) Tools and machinery not assessed as a part of the real estate.

**Assessment by Valuer**—The assessor is not bound to accept the value placed by the property owner upon his property but is, in every instance, required to fix the value himself.

**WHERE PROPERTY IS TO BE LISTED**

Where Property is to be Listed—Merchants' and manufacturers' stocks and personal property on farms shall be listed where situated and all other tangible personal property shall be listed where the person to be charged with the taxes thereon resides at the time of listing, if residing within the county; if not, then such property shall be listed where it is situated when listed.

Intangible personal property, such as money, credits, stocks, bonds, etc., has no situs of its own but takes the situs of its owner and is held to be situated, and shall be listed, wherever the owner thereof resides.

**Property in Transit**—Personal property in transit shall be listed where the owner resides, but if such property is intended for a particular business it shall be listed where the property of such business is required to be listed.

**Property Pertaining to a Business**—Personal property pertaining to a business shall be listed where such business is carried on.

**THE PROPERTY OWNER'S REMEDY FOR OVER-VALUATION**  
Values May Be Changed—Property owners should not depend upon the return which they make to the assessor to be the value upon which will be required to pay taxes for the current year.

The Board of Revision, acting as a Board of Equalization, and the assessor have power to make changes in valuations without notice to the property owner.

**When and How Owners May Ascertain Values**—At any time after the close of the June session of the Board of Revision any property owner may ascertain from the county auditor what value has been placed upon his property for the current year.

**When and How Complaints Filed**—If the property owner is not satisfied with the value placed upon his property he should make complaint to the County Board of Revision which convenes for the purpose of hearing such complaints, on the first Monday of August. The complaint may be filed with the county auditor at any time before the meeting of the Board or within thirty days after the meeting of the Board, if the Board is in session for that length of time.

**Effect of Failure to File Complaints**—If complaint is not filed within the time allowed, the property owner forfeits his right to have any change made in the valuation for the current year.

**Who May File Complaints**—Any taxpayer may file a complaint as to the valuation or assessment of his own property or the property of others; certain public officials may also file complaints.

**Notice Required**—Valuations complained of can not be increased without notice to the owner.

**Appeals to the Tax Commission**—Any complainant or the county auditor may appeal from the decision of the County Board of Revision to the Tax Commission of Ohio. Such appeal must be taken within thirty days after the decision of the board.

**THE TAX COMMISSION OF OHIO**  
Use Hanford's Balsam to prevent gangrene.

## GRATIFYING RECORD

Panama-Pacific International Exposition Commission Return over \$40,000 to State Treasury—Ohio Building to be Removed Seventeen Miles Down the Bay—Only State Building to be Preserved.

Columbus, March 21.—(Special to the Tribune). At its final meeting, the Ohio Exposition Commission expressed its appreciation to the press of Ohio in the following resolution, offered by Dr. John G. Lloyd of Cincinnati, one of the original members of the Commission.

"To the press of the state of Ohio the commission, as a whole, desire to extend its sincerest thanks for the continuous complimentary notices that have been given to Ohio's part in the Panama-Pacific International Exposition, and for papers mailed to the Ohio Building, all of which is by us gratefully acknowledged."

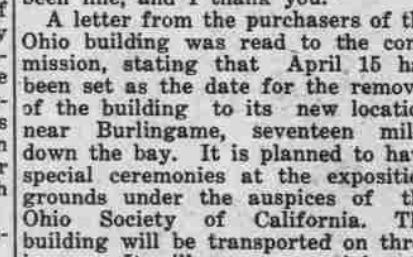

The commission appeared before Willis, to whom it was reported that over \$40,000 had been returned to the state treasury. The Governor gave the commission a formal letter of discharge and also made the following remarks:

"I am more than gratified with the work of this commission, which has been a great work well completed. It was done well and economically, and the commission returned to the state treasury more than ten times as much as all other Ohio commissions at former expositions combined. It is most gratifying to know that the work was done in a fashion so complimentary to the state of Ohio. Still larger is the gratification that, while in the heat of political controversies we may get worked up, and there may be dissensions and disagreements, yet the work of this commission, covering three administrations, beginning under the administration of Governor Judson Harmon, continuing under Governor James M. Cox and reaching its completion under this administration, demonstrates the fact that men can work together and get along without ill feeling, and for the accomplishment of a great good. Your work has been fine, and I thank you."

A letter from the purchasers of the Ohio building was read to the commission, stating that April 15 has been set as the date for the removal of the building to its new location near Burlingame, seventeen miles down the bay. It is planned to have special ceremonies at the exposition grounds under the auspices of the Ohio Society of California. The building will be transported on three barges. It will serve as a civic center.

## Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

## Judging an Investment House

In estimating the responsibility of a financial house we are accustomed to look, first for the amount of its paid up capital and surplus; second, for the general reputation of the company; third, for the character and quality of the securities it handles. The correct answer to these questions gives a fairly accurate line on the dependability of any investment house. We like to have people consider The Geiger-Jones Company from these standpoints.

The Geiger-Jones Company has capital and surplus of \$2,500,000 fully paid in. Its reputation rests entirely in the hands of more than ten thousand clients in Ohio and other states, representing practically every walk of life, and typical of the best citizenship in their respective communities. It is further indicated in times of stress by such documents as the following:

**THE CANTON CHAMBER OF COMMERCE RESOLUTION**

WHEREAS, what we regard as an unwarranted attack has been made upon the business of THE GEIGER-JONES COMPANY of this city; and WHEREAS, THE GEIGER-JONES COMPANY has furnished large capital to some of the leading industries of this city, and by the sale of the capital stock of these industries, has not only contributed much toward the industrial development of Canton, but has furnished safe and profitable investments for its customers; and WHEREAS, we know that some of these stocks (dividend paying) which THE GEIGER-JONES COMPANY has purchased at par (\$100.00), are now selling at from \$155.00 to \$225.00 per share; and WHEREAS, we believe that THE GEIGER-JONES COMPANY has endeavored uniformly to treat its clients with frankness and justice during the time as many years it has been engaged in business in this city;

THEREFORE, BE IT RESOLVED, That the Canton Chamber of Commerce desires to express its appreciation of the great service which THE GEIGER-JONES COMPANY has rendered, a symbol of the growing and successful industries of this city, and its confidence in the integrity and honesty of purpose of the management of THE GEIGER-JONES COMPANY.

THE CANTON CHAMBER OF COMMERCE, HENRY W. HARTER, President, L. E. DEUBLER, Secretary.

The directors of The Canton Chamber of Commerce who signed the above resolution, it is true, are not financially accountable for their action, but it is a fair presumption that successful business men of such wide acquaintance would not write a public endorsement of that kind except to tell the truth about a matter upon which they had reliable information.

The securities we market stand squarely on their own merits. Their character and quality are derived from the corporations that issued them, modified, in a few instances, by moral and financial support extended by The Geiger-Jones Company when unusual circumstances have made such measures necessary. The essential soundness of these securities has been proved, but for the convenience of those who desire more exact information about the property values and earning power behind them, we have prepared "A Portfolio of Geiger-Jones Reports," With Photographs, from Manufacturing Enterprises Financed by The Geiger-Jones Company. This is a very interesting publication of 32 pages that will be mailed, on request, to responsible persons who direct their inquiries to the Canton office.
